

Kristie Dugan, '92 will start as President of Little Flower this summer. The Little Flower community welcomes Kristie home! Kristie is mother of four daughters all of whom have graduated/attend Little Flower, and comes from a long legacy of LF women. "The foundation of a Little Flower education really prepares you for life," said Kristie. "At Little Flower, there is a strong relationship and conviction for Christ and our patroness, Saint Therese."

Born and raised in Oxford Circle, Kristie attended Saint Martin of Tours Catholic Elementary School and then later Little Flower. She has her undergrad from Immaculata University, her Master's from Holy Family University, and her family attends mass at Presentation BVM Parish. She is married 22 years to a Cardinal Dougherty graduate. "My faith has sustained me throughout my life," stated Kristie. "Whether it be pregnancy loss, loss of a loved one, or celebrating all of the wonderful things life has to offer there has always been one constant. That constant is Who was always in control. Knowing that God is always there reduces the anxiety of this overly anxious person."

Kristie feels very excited and humbled with this opportunity to serve as President at Little Flower. “The mission of Saint Therese is at the heart of everything we do. That mission is so amazing, and yet so simplistic,” stated Kristie. “The spirit of Little Flower is palpable because of the people who are there.” As Kristie begins this new role at Little Flower, she is eager to listen and collaborate with all community members and stakeholders who seek the advancement of this gift of a Little Flower education.

“I graduated 30 years ago, and 30 years later, I am walking in as President.”
